

For Immediate Release:

Henry Domke Photography

Chicago, Ill. (February 26, 2010) – Photographer Henry Domke has announced that MDC Digital is his exclusive print provider for all vinyl wall murals and backlit acrylic panels. MDC Wallcoverings was selected because of our consistently superior product and service.

With over 1,800 images encompassing woodlands, streams, flora, fauna and seashore, Henry's work is widely known and used by healthcare specifiers, designers and end users throughout the world. As an author and photographer he is considered an authority on using "Nature Art for Healthcare" and has been featured in several industry publications. Additionally, Henry will be the keynote speaker in April at Design 4 Healthcare being held at the New York Design Center.

MDC Wallcoverings is a proven leader in providing digital imaging solutions to the architectural and design communities. We provide our clients with high quality products and services to help strengthen their brand identity through vibrant, powerful visual imaging.
